Career Objective

Aspiring Computer Science Engineer and Cybersecurity Enthusiast seeking internship opportunities in **Cybersecurity** and **Blockchain**. Eager to apply programming skills (C, Python, Java), security fundamentals, and problem-solving abilities to real-world challenges while continuously expanding technical expertise in ethical hacking, network security, and decentralized technologies.

Education

SVERI's College of Engineering, Gopalpur <i>Bachelor of Technology in Computer Science Engineering</i>	Pandharpur, Maharashtra 2024 – Present
MIT VGHS Junior College, Pandharpur <i>Higher Secondary Certificate (HSC) – Science</i>	Pandharpur, Maharashtra 2023 – 2024
MIT VGS, Pandharpur <i>Secondary School Certificate (SSC) – CBSE Board</i>	Pandharpur, Maharashtra 2021 – 2022

Technical Skills

Programming Languages: C, Python, Java
Web Technologies: HTML, CSS, Flask
Data Structures & Algorithms: Arrays, Linked Lists, Stacks, Queues, Sorting, Searching
Cybersecurity: Ethical Hacking Concepts, Reconnaissance, Network Scanning, Vulnerability Assessment
Blockchain & Web3: Blockchain Fundamentals, Decentralized Systems, Web3 Concepts
Networking: TCP/IP, IEEE 802.11 (Wi-Fi), Wireshark, Nmap, Aircrack-ng, Kali Linux
Tools & Platforms: VS Code, MS Office, Kali Linux, Git, GitHub
Core Competencies: Analytical Thinking, Team Collaboration, Time Management, Communication

Projects

Blockchain Explorer <i>Python, Flask, JavaScript, Blockchain</i>	In Development
- Building a lightweight blockchain transaction explorer that visualizes block structures, transaction flows, and chain validation in an intuitive web interface. - Implementing cryptographic chain-link visualization and real-time block verification logic using Flask backend and JavaScript frontend.	
Student Result Management System <i>C, File Handling</i>	Completed
Developed a console-based application to manage and calculate student results using file handling and structured programming concepts in C.	
Personal Portfolio Website <i>HTML, CSS, JavaScript</i>	Completed
Designed and deployed a fully responsive portfolio website featuring animated UI, cybersecurity-themed aesthetics, and project/certification showcases.	
DSA Practice Repository <i>Python</i>	Completed
Implemented fundamental data structures and algorithms (sorting, searching, linked lists) to strengthen problem-solving and analytical thinking skills.	

Certifications

Developing Soft Skills and Personality <i>IIT Kanpur – NPTEL (Elite Grade, 76%)</i>	2024
Achieved Elite grade in a nationally recognized NPTEL course on communication, personality development, and professional readiness.	
Blockchain Basics Course <i>Cyfrin Updraft</i>	2025
Completed foundational course covering blockchain architecture, decentralized systems, cryptographic concepts, and Web3 fundamentals.	
Data Structures in C <i>CodeChef</i>	2024

- Completed structured programming and core data structure concepts including arrays, linked lists, stacks, and queues.

OOPs Through Java | *CodeChef* **2024**

- Built understanding of object-oriented programming principles including classes, inheritance, polymorphism, and encapsulation.

Learn Python | *CodeChef* **2024**

- Completed Python programming covering syntax, control flow, functions, and practical programming fundamentals.

Academic & Extracurricular Activities

ORCHATHON 2K26 – National Level Hackathon **2026**

- Participated in a 36-hour national level hackathon, applying problem-solving, teamwork, and rapid prototyping skills under competitive time constraints.

Chakravayuh 2K25 – Hackathon Participant **2025**

- Collaborated in a team to solve real-world problem statements, strengthening skills in ideation, technical implementation, and presentation.

Aashadhi Wari Volunteer – Solapur Rural Police **2025**

- Recognized for outstanding volunteer service during Aashadhi Wari 2025, contributing to public guidance, crowd management, and event coordination.

National Service Scheme (NSS) – Active Member **2024 – Present**

- Actively contributing to community service and leadership development initiatives under the NSS program.

Basketball – University Level Representation **2024 – Present**

- Represented SVERI's College of Engineering in Basketball Tournament organized by Punyashlok Ahilyadevi Holkar Solapur University.

Areas of Interest

Cybersecurity & Ethical Hacking | Blockchain & Web3 Technologies | Network Security | Python
Development | Data Structures & Algorithms
